Enrollment & Waitlist Policies

To be fair to all students, enrollment is handled exclusively through GOLD, on a first come, first serve basis. We are unable to assist students in getting back into courses they accidentally dropped, or were dropped from due to billing/collection issues. Do not contact the instructor, teaching assistant or undergraduate advising staff for an approval code. Please refer the Registrar’s website for more information regarding waitlist policies (https://registrar.sa.ucsb.edu/waitlist.aspx).

Students are highly recommended to add their major courses during their first passtime.

GENERAL CHEMISTRY ENROLLMENT POLICIES:
1. Pass 1 priority:
   - Chemistry and Biochemistry (all majors)
   - College of Engineering (following majors): Chemical Engineering, Electrical Engineering, Computer Engineering, Mechanical Engineering
   - College of Creative Studies: Chemistry and Biochemistry
   - Earth Science (all majors)*
   - Ecology, Evolution, Marine Biology (all majors)
   - Environmental Studies (all majors)
   - Geography (following majors): Physical Geography*
   - Molecular, Cell, Developmental Biology (all majors)
   - Physics (all majors)
   - Psychology (following majors): Psychological and Brain Sciences BS, Biopsychology

*Students in Earth Science and Physical Geography BS majors must email ugrads@chem.ucsb.edu from their UCSB email address* with the following information for an approval code for Chem 1A/1B/1C (lectures, not labs):
   - Full Name
   - Perm Number
   - The course in which you are hoping to enroll (please include first and second preferences for lecture courses)

**Sending multiple emails will slow down the process and move you to a lower priority. Please allow 3-5 business days for your request to processed.

2. Majors not listed above, including undeclared students, must wait until Pass 2 to enroll.

3. You must add the lecture (Chem 1A/1B/1C) before adding the lab (1AL/1BL/1CL). If you drop the lecture, you will be automatically dropped from the lab. However, dropping the lab will not automatically drop you from the lecture. You can find more information about course prerequisites in the general catalog:

ORGANIC CHEMISTRY ENROLLMENT POLICIES:
1. Enrollment during Pass 1 is limited to the following:
   - 6AL/BL:
     1. Chemistry and Biochemistry (all majors)
     2. College of Engineering (following majors):
        - Chemical Engineering
     3. College of Creative Studies (following majors):
        - Chemistry and Biochemistry

2. Majors not listed above, including undeclared students, must wait until Pass 2 to enroll.
WAITLIST POLICIES:
1. Waitlists will be made available once a course is full. Students must be registered in 12 units to view or add to the Waitlist.
2. To increase your chances of securing a seat, all sections that fit into your schedule should be selected. Do not select a section if you are not able to attend at the specified day/time.
3. Students will be auto-added from the Waitlists as spaces become available.
4. Waitlists will close:
   - At the end of the 5th Day of Instruction for:
     - Chem 1A-B-C
     - Chem 109A-B-C
     - Chem 6AL (no labs during the first week)
   - Prior to the first day of instruction for:
     - Chem 1AL-BL-CL
     - Chem 6BL

CRASHING POLICIES - LABS:
1. If you are not auto-added to the course prior to the Waitlist closing, you MUST crash the course in order to remain eligible to enroll.
2. Attendance on the first day of lab is required; if you do not attend, you will be dropped.
3. You do not need to be on the Waitlist to crash courses, though students on the Waitlist will receive priority.
4. You may continue to crash labs until the add deadline (typically the 3rd week of class).
5. Chem 6AL: Do not crash during the first week.
6. Chem 1AL/1BL/1CL/6AL/6BL: All crashers must meet in front of the Undergraduate Stockroom (General Chemistry: 2nd floor stockroom, Organic Chemistry: in PSB-N Breezeway) to sign a crash list. You will meet the Lead TA who will give you further instructions.
7. Approval codes (via UCSB account ONLY) will be distributed as spaces become available; you must enroll within 24 hours or your space will be offered to another student.
8. Do not contact the course instructor, teaching assistant or undergraduate advising staff for approval codes.

SWITCHING SECTIONS POLICY:
1. If you are enrolled in a section, DO NOT crash another section to obtain an approval code.
2. If the course is open on GOLD, and there is a space in the section you would like to switch into, you can change sections by selecting the “SWITCH” button. Do not drop your current section as you will lose your space in the course.
3. If you are able to find another student to switch sections with, you both will need to fill out an electronic Lab Switch Form via Google Forms, which is available via our department website. This form can be found on the Student Resources page of the Undergraduate Menu. If you have any questions, please email ugrads@chem.ucsb.edu. Switches will only be made once and only for students that have conflicts in their schedule.
4. Students are prohibited from switching ORGANIC labs once the first experiment has been completed.
